QUALITY, STYLE AND PERFECTION

## Kupan quality projecten

Creating unique, functional and attractive wash-rooms is not only crucial, but the future of modern leisure centres. Maintain optimum hygiene alongside stylish design in these areas is essential.

A perfectly equipped changing, shower and toilet area which fully matches your overall concept in terms of atmosphere and finish reinforces your brand and people's perception of your company. The experience which Kupan has in carrying out projects in demanding areas gives a guarantee of years of problem-free use. Kupan designs, manufactures and installs shower, toilet, changing and dressing cubicles, washing and make-up stations, water resistant doors and lockers, with or without electronic locks. We translate your ideas into a design which matches your overall concept, taking account of your budget. Bespoke comes as standard at Kupan, we love to be challenged by your ideas...

## Fitness & Health Spas

Perception, style and atmosphere are exceedingly important in wellness and fitness centres. Changing rooms are increasingly expected to form an integrated part of the overall concept. Kupan is able to meet your requirements with sound, tasteful solutions. Your image, brand or identity can be incorporated in stylish changing, shower and toilet areas down to the smallest detail. Refined accents thereby give a unique end-result. Because Kupan constantly monitors trends and developments worldwide, we can always offer you contemporary choices which match your ideas.

## Wellness & Fitness

By opting for Kupan you are opting for solutions which completely match the house style, image or identity of your wellness or fitness centre.

All your wishes relating to washrooms and changing facilities with storage units for your clients' personal property are translated into an optimised, stylish concept.

## Fitness

The quality of the fitness equipment, the staff and the shower and changing areas determine the standard of a fitness centre to a great extent. This also applies to the storage facilities. Anyone who wants to do fitness training wants to be able to exercise without being hindered by carrying keys. Kupan supplies lockers with electronic locks which match your overall concept in terms of colouring and finish. They are operated with a PIN code, chipcard or fingerprint. Naturally the traditional key, with or without deposit, remains an option.
